(Find alternative recycling)

**NO Electronics, Batteries or Bulbs**  
(Find alternative recycling)

## TOWN OF MARION

### IMPORTANT RECYCLING INFORMATION

Due to recent changes in the recycling market, all recycling loads are being carefully monitored. The Town of Marion has been made aware that we will be subject to heavy fines or termination of our dumping rights if unacceptable loads are delivered for disposal. Because of this, we wanted to remind residents of the following:

1. NO plastic bags should be in the recycling or used to contain the recycling.  
**Any recycling left curbside in a plastic bag will not be accepted.**  
Most local grocery stores will accept clean plastic bags for recycling.
2. All recycling should be empty and rinsed clean of food residue.
3. Paper cups are not recyclable as they have a thin, plastic lining or waxed finish.
3. No items smaller than 2 inches should be included with the recycling.
4. Corrugated cardboard boxes should be broken down into pieces no larger than 2 feet.
5. All recycling should be curbside by 7:00 A.M. on your collection day.

Please review the information on the back for acceptable and unacceptable items. If you have any questions please don't hesitate to contact the Marion Department of Public Works at 508-748-3540. We appreciate your anticipated cooperation in helping us make this recycling program a successful one!
